Dayton Pilots' Club
Review of Regulations and Operating Rules

1. What are the currency requirements for acting as PIC in the Cessna 182RG for an active DPC member?
 - 3 Touch and Go's every 90 days.
 - 3 Takeoff and Landings every 90 days.
 - 3 Takeoff and Landings every 90 days, plus 3 hours of flight time every 180 days.

2. A DPC pilot wants to schedule the aircraft in Schedule Master for 2 subsequent weekends 2 weeks from today. Are they in compliance with the Operating Rules of the Club?
 - No. The Club does not allow pilots to dominate the weekend schedule.
 - Yes. There are no restrictions to scheduling made within the 30 day window.

3. A DPC pilot schedules an exciting, multi-day trip. What are the minimum daily charges during the trip?
 - 1 hour Monday through Friday, and 1.5 hours Saturdays, Sundays and Holidays.
 - 1 hour per day.
 - No minimum hours, only the elapsed time on the Tach.

4. This same trip is scheduled to begin during one month and end in the next. The DPC member is required to:
 - Pay an additional \$20 for the trip due to extra scheduling and administrative costs.
 - Record the time on the following Tach sheet, tear off only the name/logged time part of the Tach sheet, and place the name/logged time part of the Tach sheet through the slot in the door to the maintenance room.

5. A member purchases fuel away from Dayton Wright Brothers airport. In order to be reimbursed, the member must within 90 days of the purchase:
 - Submit the receipt with the member's DPC account number, tail number of DPC aircraft; quantity of fuel purchased, cost of fuel, and signature of member.
 - Simply reduce the amount of your monthly check; just indicate the reason in the "Memo" section on your check.

6. An active DPC member requires a flight review every
 - 24 months
 - 12 months

7. Can a member ground the DPC aircraft upon the detection of a malfunction or failure which affects the safety of flight or if such member deems the aircraft to be unsafe?
No, only a Crew Chief can ground the aircraft.
Yes, any member has the authority to ground the DPC aircraft if such member deems the aircraft to be unsafe.
8. What are the steps to ground a DPC aircraft?
Immediately notify either the Crew Chief or any Trustee.
Make a note in the comment area of the aircraft's Tach sheet indicating that the aircraft has been grounded.
Tie a shop rag to the propeller of the aircraft or attach a note on the propeller or door of the aircraft indicating that the aircraft has been grounded.
Attempt to notify the member shown in the DPC schedule who is next scheduled to fly the aircraft.
All the above.
9. Attendance at a Club sponsored Safety Meeting or a FAA's WINGS program is required:
For probationary members
Annually for all members, and within six months for a member coming off inactive status.
10. Which of the following counts as a DPC flight review?
Flight reviews conducted by a DPC approved instructor in DPC owned aircraft.
A biennial flight review (BFR) conducted by any FAA authorized instructor.
Completion of any phase of the FAA Wings program.
11. If a member books the DPC aircraft for 5 consecutive hours during a weekday, what is the minimum charge?
1 hour.
No minimum charge, only the elapsed time on the Tach.
